#STATSDAY2020

The third World Statistics Day was celebrated worldwide on 20 October 2020. This special celebration was also carried out by the General Directorate of Statistics (GDS) to promote quality statistics which are indispensable, trustable, reliable, and impartial. It aimed to strengthen the friendship amongst statisticians at the GDS and as well as with relevant institutions.

There were three main activities, consisting of sports, religious and cultural festivities (mass celebration and visiting cemetery to honor GDS' former statisticians who have died) and dissemination of core statistics. Moreover, the GDS also conducted overall performance evaluation on the work of staffs.
